ABOUT *Kristy*

Kristy's career started in Learning and Development in the beauty industry, working for the likes of Clinique and the global beauty giant, Sephora. A passion for developing people and brands blossomed into a 10-year career. Yet, attending another leadership course or picking up the latest self-help book had lost its spark. Something was missing. In 2018, she found herself seated in front of an award-winning astrologer who became her mentor, gifting her a profound understanding of herself and her circumstances, something she couldn't articulate on her own.

Five years on, Kristy has become one of Australia's leading astrologers. Through her signature formula, Astrostrategy®, Kristy combines essential tools, profound insights, and empowering actions to help you reach for the stars and attain your desires. Her vision is to make the power of astrology accessible, demystifying this cosmic language. When she's not stargazing, you'll find her at the beach, with a great novel and a green juice in hand.
